

Nova Scotia Food - Opportunity for Strategic Support, 19 May 09

Contributed by Coordinator
Tuesday, 19 May 2009

- Are you a not-for-profit organization who strives to be innovating for food in NS?
- Do you have a regional or provincial focus?
- Are you seeking to engage and work with other groups at a provincial level for the benefit of the broader movement?
- Are looking for the next level of clarity in your work?

Following two meetings of many partners in the Nova Scotia food movement we are excited to offer an opportunity for strategic consulting to organizations that answered yes to the above questions. The consulting opportunity will be available between June 1st and October 16th 2009. The consulting opportunities are available for 0.5 – 1.5 days depending on the need of the organization. The consultants who will be supporting this work are Sera Thompson and Tim Merry.

The fee for the consultants will be covered. If your organization is interested in this opportunity we ask that you cover your expenses for food and venue. If this is a challenge please email Michelle Murton and we’ll do all we can to help out.

If your organization is interested in this opportunity please email the organization name along with your contact information to Sera Thompson and cc Lindsay Corbin.

The deadline to express interest in this opportunity is May 31st. Following the completion of the consulting with various organizations in October, there will be a half day event to bring together all the groups who have received support and share themes and questions from the bigger picture of food work in Nova Scotia.

Many thanks and we look forward to hearing from you ...
